The London Gazette.

published by Authority.

From Tuesday January 23, to Saturday January 27, 1753.

AT the Court at St. *James's*, the 25th Day of *January*, 1753.

PRESENT,

The King's moſt Excellent Majeſty in Council.

His Majeſty in Council was this Day pleaſed to appoint George Thomas, Eſq; to be Captain General and Governor in Chief of His Majeſty's Leeward Charibbee Iſlands.

His Majeſty in Council was likewiſe this Day pleaſed to appoint Arthur Dobbs, Eſq; to be Captain General and Governor in Chief of His Majeſty's Province of North Carolina.

Algiers, Dec. 6. The Corſairs lately ſent out by the Dey and Regency, to cruize in the Mediterranean, are returned into Port with very few Prizes, which has ſo enraged the Populace, that the Officers of them are almoſt afraid to appear in Publick. The Jews, who have from Time to Time advanced large Sums in fitting out Corſairs, finding themſelves greatly injured by the late unſucceſsful Cruizes, came to a Reſolution to quit the Country, which the Dey being informed of, gave immediate Orders for arreſting the Principal of them, and for ſeizing the beſt of their Effects, on Pretence of an old Debt of Seven Millions of Piaſtres owing by the Jews to his Anceſtors. The Son of the Dey of Tripoli has found Means to eſcape out of the Caſtle in which he had been confined ever ſince the late Rebellion in that Country, and embarking on board a Felucca in the Night, had reached the Coaſt of Italy.

Naples, Dec. 26. The King has ordered the Sum of 15000 Ducats to be paid out of the Treaſury to the Fathers of Mercy; which Sum is to be employed by thoſe Fathers in the Redemption of ſuch of his Majeſty's Subjects as are now in Slavery at Algiers, Tripoly, or elſewhere on the Coaſt of Africa. A few Days ago three ſmall Iron Cheſts were found by ſome Workmen in digging for the Foundation of a Houſe, which being opened before a Magiſtrate, were found to contain a large Quantity of Gold, Silver, and Copper Medals, ſome of which are extremely curious, and very valuable, and as ſuch they were delivered to the King, who ordered them to be placed in his own Cabinet of Curioſities. On Friday laſt a Spaniſh Man of War, named the Ferdinand, commanded by Commodore Cordoua, arrived here in 20 Days from Cadiz, having on board about the Value of two Millions of Piaſtres in Ingots of Silver, which they are already carrying to our Mint, to be coined into Specie for the Uſe of his Catholick Majeſty.

Rome, Dec. 30. The Pope is determined to leſſen the Expences of his Government, and for that Purpoſe has ordered an exact Account thereof to be laid before him, in order to ſtrike off all uſeleſs and ſuperfluous Articles. A few Days ago a private Conſiſtory was held at the Quirinal, in the Pope's Preſence, when M. Radovani was named to the Archbiſhoprick of Durazzo in Albany; the Archbiſhop of Toulouſe to that of Narbonne; Don Parada to the Biſhoprick of Paz; and M. Laſtic to the Abbey of St. Michael de Gaillac. The Pope having received an Account that great Diſſentions have lately aroſe amongſt the Catholicks ſettled in Paleſtine, and particularly at Jeruſalem, is come to a Reſolution to ſend immediately thither ſome new Miſſionaries, in order, if poſſible, to bring them to a Reconciliation.

Petersbourg, Jan. 2. An Account arriving at Court that the Sledging Ways between this City and that of Moſcow were open for travelling, her Imperial Majeſty, after appointing the Admiral Prince Galliczin to manage the Affairs of this Government during her Abſence, and taking Leave of the Nobility, ſet out on Thurſday Morning laſt for that Place, and will be followed in a few Days by the Great Chancellor Count Beſtucheff, who at preſent is ſlightly indiſpoſed. Laſt Week a grand Conference was held at the Great Chancellor Count Beſtucheff's, ſince which the Couriers who lately arrived from Vienna, London, and the Hague, have been ſent back to their reſpective Courts. Her Imperial Majeſty having conſented to the Marriage of Count Wallenſtein with Mademoiſelle de Romanzoff, Daughter to the late General of that Name, the ſame will be celebrated in a few Days. We learn from the Frontiers of the Ukraine bordering upon Poland, that a large Party of Heyducks have made a new Eruption into that Province, and committed the greateſt Outrages.

Modena, Jan. 3. By the laſt Diſpatches received here from our Miniſter at Rome, there is the greateſt Reaſon to hope, that the Differences, which have lately ariſen between the Pope and the Duke our Sovereign, will ſoon be adjuſted to their mutual Satisfaction.

Prague, Jan. 6. The Froſt is ſet in ſo very ſevere within theſe few Days paſt, that the Ice upon the Moldaw is already thick enough to bear all Sorts of Carriages. They are buſy here in making new Cloaths for the Officers and Soldiers of

[Price Two-Pence.]

of the ſeveral Regiments quartered in this Kingdom.

Stockholm, Jan. 8. The Queen is perfectly recovered from her late Illneſs, and their Majeſties have been complimented thereupon by the Senators, Foreign Miniſters, and all the principal Nobility. 'Tis ſaid their Majeſties will certainly take a Tour, in the Spring, to Scania, and ſome other Provinces of this Kingdom which the King has never viſited ſince his coming to the Throne. Laſt Week an Ordonnance was publiſhed throughout this Kingdom, forbidding, under Pain of corporal Puniſhment, the making Uſe of falſe Weights or Meaſures. We are informed by our laſt Letters from Gothenbourg, that the Managers of our Eaſt India Company ſeem to expreſs the greateſt Uneaſineſs and Impatience for the Arrival of two Ships from China, and the rather, as they have been for ſome Time expected, and nothing has been heard of them ſince they left China.

Vienna, Jan. 9. A few Days ago a Stranger, who goes by the Title of the Baron de Bulow, was apprehended at the Convent of the Franciſcans; he ſays he is an Officer in the Service of a neighbouring Prince; but, by the Depoſitions of his Servants, he ſeems rather to have been an Adventurer. The particular Behaviour of this Perſon, even at firſt cauſed him to be ſuſpected, but there are now ſeveral Crimes of an extraordinary Nature laid to his Charge.

Dreſden, Jan. 10. This Court has given Orders for compleating all the Regiments in this Electorate; and they continue to ſay, that a large Body of Troops will be encamped in the Month of May next, in the Neighbourhood of this City, in order to learn a new Exerciſe. A few Days ago a Fire broke out in the Town of Strehla, ſituate upon the River Elbe, about three Miles below Meiſſen, which burnt with ſuch Violence, that the greateſt Part of that Town is reduced to Aſhes. Orders are given by Count Bruhl, our Prime Miniſter, for caſting ſeveral Pieces of Cannon to ſend to Warſaw.

Hague, Jan. 23. On Friday laſt Major General Bigot took the uſual Oaths, before the Aſſembly of the States General, in Quality of Commandant of Gertruydenbourg; as did M. Zoelen, in Quality of Counſellor of the Admiralty of the Meuſe. The ſame Day died here the Marqueſs del Puerto, the Spaniſh Ambaſſador to this Court, in an advanced Age. The Deputies of the ſeveral Colleges of the Admiralty of theſe Provinces, being to aſſemble To-morrow, moſt of the Members are already come to Town. This Morning her Royal Highneſs the Princeſs Governante took the Diverſion of Sledging for the firſt Time this Winter, in which ſhe was accompanied by her Children, and attended by all the principal Lords and Ladies of the Court. We are informed by our laſt Letters from Italy, that the Hereditary Princeſs of Modena was ſafely delivered of a Prince on the 4th Inſtant.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms: But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quinſies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſſes proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again; and by James Eſdall, Printer, on the Blind Quay, Dublin.

* See a Diſſertation on Fevers, and other Inflammatory Diſtempers, ſold at the Place above-mentioned. Price 6 d.
